Briefing for Environmental NGOs on 20th April Inbox x

Fiona Tutty <fiona_tutty@hotmail.com>

Apr 8, 2015, 2:05 PM

to kildare@environmentalpillar.ie, jpholligan@kildarecoco.ie, dara, bloughlin@kildarecoco.ie, Michael, justin@ien.ie, david, me ▾

Dear Environmental NGO,

I am contacting you on behalf of the Environmental Pillar to let you know that the registration on the Kildare Public Participation Network (PPN) will close on the 10th of April (i.e. this Friday). So, if you haven't already registered please do so before Friday to help make a difference to Kildare's environment and sustainable development through local government policy and plans. To register go to www.kildareppn.ie

We would also like to invite you to '*a Briefing for the Environmental College*' on Monday the 20th of April in Kildare County Council from 6pm to 8pm. The briefing is to help explain the new structure, roles available, commitment required, nomination and voting process and how the Environmental College can work together with the Community and Social Inclusion Colleges to influence local government policy and plans.

Can you please let me know who from your organisation will be available to attend and communicate the information back to your eNGO.

Many thanks

Elizabeth Cullen <eilisnichuilinn@gmail.com>

 **Kildare Environmental Network**
Published by Deirdre Lane [?] · March 25 ·

"If anyone has a bike they want to recycle. From the 29th March Newbridge Rotary have a container at Sillott Hill Recycling Centre to fill with bikes. These will be sent to Loughan House for refurbishment before being sent to Africa for kids there to cycle to school on. Spread the word."

Green Day at Newbridge June Fest & the Sustainability Expo

The highlight of the day will be the Al Gore's one hour engaging presentation on Climate Change delivered by Raoul Empey from Sustineo. Bord na Mona will also display virtual reality wind turbine experiences.

Presentations from the local organisations throughout the afternoon including;

Bird Watch Ireland

Tidy Towns Newbridge

Green Architect -Thomas Duffy

Bord Na Mona

Sustainable Development Goals - Development Perspectives - Stephanie

Kildare Environmental Network - Fiona Tutty on Community Energy projects

Sun Fixings – Electric Vehicle demo's - Cathal Murphy

Stands are still available if you would like to exhibit.

We have goodie bags on the day and some short fun interludes plus music.

KFM radio will also be covering our event so tune in Thursday 2.30 for more

GinFest will be just across the road from the venue to finish off the day.

Covenant of Mayors

Covenant cities lead the way to a carbon-neutral future at UFGC2019

13

JUN 2019

During the [Urban Future Global Conference](#) on 22-24 May in Oslo, Covenant of Mayors cities once again demonstrated their leadership role in the fight against climate change. Over 400 cities took part in 3 days of innovative workshops, sharing ideas on how to create sustainable cities.

During a first-day plenary session dedicated to reporting progress on CO₂ emissions-reduction, [Katarina Luhr](#) — Vice Mayor of Environment and Climate at the [City of Stockholm](#) and member of the [Covenant Political Board](#) — spoke of the strides made by Stockholm in reducing their emissions. In particular, the city found the introduction of congestion charges not only to be efficient in reducing greenhouse gases emissions, but that such measure could also receive a warm welcome by residents — thanks to the effects on traffic congestion, acceleration of the buses and noise reduction.

To close the session, representatives of the cities of [Leuven](#), [Essen](#), [Stavanger](#), [Roeselare](#), [Warsaw](#) and [Celje](#) were invited onstage to sign a symbolic commitment to the [Covenant of Mayors 2030 objectives](#). These cities recently committed to at least 40% carbon emissions reduction by 2030, in line with the EU climate objectives. An additional 3 cities — [Děčín](#), [Rimini](#) and [Sindelfingen](#) — signed the 2030 commitments later in the event.

Fob you off

Gentlemen

Under Kildare Mayorship a sustainable legacy can be driven for all the county to be proud of

http://www.covenantofmayors.eu/participation/as-a-local-authority_en.html

Participation in the Covenant of Mayors for Climate & Energy supports Mayors in this endeavor, by providing the recognition, resources and networking opportunities necessary to take their energy and climate commitments to the next level.

Local authorities play a leading role in climate change mitigation and adaptation.

Mayor Toby Fitzgerald availing of the EU Covenant guidance and support if you care to see who Kildare may also?

<https://www.fiannafail.ie/people/cllr-tony-fitzgerald/>

Tel: 021 4302032

Mob: 085 8383804

Might you consider making contact to see how funding came to Cork and their wins perhaps under your leadership Kildare may avail of these

Please advise your findings?

#CLIMATE RESILIENT KILDARE

Kildare County Council Draft Climate Change Adaptation Strategy 2019 - 2024

To help shape this Climate Change Adaptation Strategy and the vision of a climate resilient Kildare

You are invited to make written submissions / observations in respect of the Draft Climate Change Adaptation Strategy and the accompanying SEA and AA screening reports.

Purpose of the Strategy

The Climate Change Adaptation Strategy takes on the role as the primary instrument at local level to:

- (i) ensure a proper comprehension of the key risks and vulnerabilities of climate change
- (ii) bring forward the implementation of climate resilient actions in a planned and proactive manner and,
- (iii) ensure that climate adaptation considerations are mainstreamed into all plans and policies and integrated into all operations and functions of

Kildare County Council

The strategy, SEA and AA screening reports can be viewed at this location or online at:

<http://kildare.ie/CountyCouncil/ClimateAction/>

or

accessed via the Government Public Consultation Portal at: <https://gov.ie/consultations>

Submissions or observations may be made through one of the following two ways:

By email to: climateadaptation@kildarecoco.ie

In writing to:

Senior Executive Officer, Environment
Department, Kildare County Council,
Aras Chill Dara, Naas, County Kildare.

Submissions or observations should state your name, address and where relevant the organisation/body etc. represented.

*Please make your Submission by one medium only
i.e. by email or post/hard copy. Closing date for
submissions is Tuesday 9 th July 2019.*
