

# Common Ground Community Led Housing

Common Ground Community-Led Housing offers a win-win solution for developing sustainable housing in Ireland. Our replicable and internationally proven model makes housing more attainable, community-focused & sustainable, for the benefit of everyone. Our model offers sustainability in the fullest sense of the word through low-impact homes, shared workspaces & a reduced car pool.

This initiative is delivering on the Sustainable Cities and Communities SDG (Goal 11). It is also aligned with the following SDGs:

- 3. Good Health and Well-Being
- 7. Affordable and Clean Energy
- 8. Decent Work and Economic Growth
- 13. Climate Action
- 15. Life on Land

CGCLH evolved from the Common Ground Bray organisation.
